

## Equal opportunities for everyone

With increasing demands at school and at work, the need for professional support for children and adolescents is also increasing. The regular hours spent at school are not sufficient anymore. The Kirchliche Jugendzentrum Neuperlach together with the secondary schools (Mittelschulen) in Neuperlach on Albert-Schweitzer-Strasse and Gerhart-Hauptmann-Ring offer **structured homework assistance including lunch** – especially for socially disadvantaged pupils in year 5 to 9. We are dedicated to help children and adolescents with their performance at school in the best way possible. In this way, we contribute to creating equal opportunities for all.

## Make use of our experience

The Kirchliche Jugendzentrum Neuperlach has over **30 years of experience in public youth work**. In addition to our after-school care incl. lunch, we offer numerous varied leisure activities. The possibility for individual advice completes our offer. Our aim is to support children and adolescents and give them perspectives for the future.

## Our skilled staff is very committed

Our team consists of qualified staff such as social education workers, educators as well as volunteers.

In order to achieve the best possible results with your child, we look forward to constant exchanges with you.

## Now it's up to you!

You have the possibility to book up to three days or even only single days at our after-school care (OGS) – depending on your child's timetable.

This educational programme is free of charge thanks to public aid!

Lunch, which you can book extra for your child, currently costs 4.20 euros per day.

In case of need, an application for financial support can be made through the school.
